

Safety and Equipment Training

Stephenson's is committed to helping you get the necessary safety training your company needs in a convenient, accessible, cost-effective and efficient manner. We offer a wide variety of open enrollment, on-site and online training courses and can tailor our solutions to meet your needs.

Open Enrollment Courses

- Working at Heights (MOL Approved)
- Aerial Work Platform (AWP)
- Propane, Natural Gas and Hot Tar Bitumen Kettles and Torch Record of Training (ROT)

Course Deliverables

- Instructional design of all training is based on OHS/A, MOL, CSA and TSSA standards.
- Equipment and ROT trainings run 4-5 hours.
- Working at Heights training runs 6-7 hours.
- Post course written and hands-on testing.
- Participant tracking and easy certificate replacement, if needed.

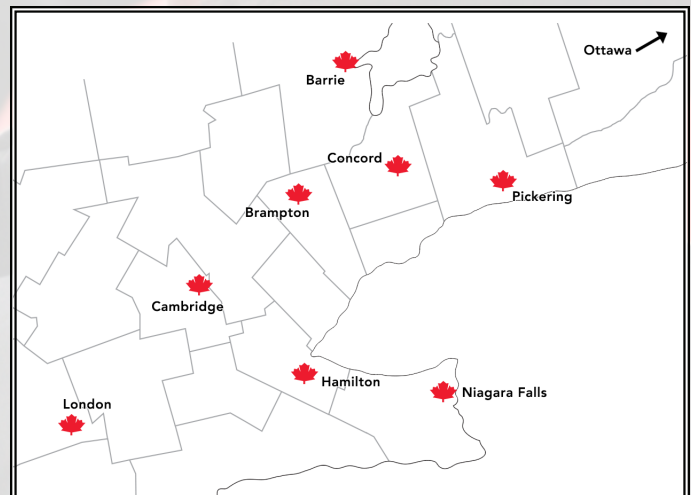

- Skid Steer Operation
- Mini-Excavator Operation
- Straight Mast Forklift Operation
- Rough Terrain Forklift (Telehandler)

Upon Successful Completion of Training

- Wallet certificates will be handed out to all successful participants.
- For propane ROT and Working at Heights, temporary wallet cards will be provided. Permanent wallet certificates will be mailed to participants homes directly from the Ministry of Labour or Propane Association.
